Product Highlights

Block Line
TV tube technology using darker glass for better contrast and a narrow tube neck for better brightness in 21" models

Contrast Plus
A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Stereo
Two channel sound signal able to deliver different sound from left and right channels

RMS
The standard professional measure of sound output power. All our Tv's aremeasured in RMS with 10% Distortion. There are other terms than RMSwhich often show higher numbers but are not comparable.

FM Radio
A radio is included inside the TV, capable of stereo sound (in stereo TV's) and storage of up to 40 FM Radio stations. On screen naming of all these stations is also possible for easy navigation.

Plug & Play
Having connected the tv , it automatically searches for all channels and installs them.

10 Page Smart Text
Fast access to your own programmed favourite text pages.

Smart Clock
The ability of your TV to automatically update its internal clock for easier use of the Wake up clock function which allows you to program the TV to switch on at a certain time.

Side Connections
Connections for headphone and other inputs such as camcorder, side entry for ease of use.
